

WASHINGTON ELKS TO AID INITIATION

Big Delegation Going to See
Recruits Ride the
Goat.

WILL BE FOLLOWED
BY SOCIAL SESSION

Occupant of "Ark" Arrested,
Charged With Unlawful
Sale of Liquor.

WASHINGTON TIMES BUREAU,
ALEXANDRIA, VA., MARCH 27.

The officers and a large delegation of the members of Washington Lodge of Elks will make an official visit to Alexandria Lodge this evening to participate in the initiation of a large class of candidates.

It was originally intended that the visit would be made last Monday evening, but owing to the sudden death of Frederick M. Schwab, of the local lodge, it was necessary to postpone the initiation ceremonies until this evening.

Following the degree work a social session will be held, and the evening given over to social enjoyment, at which it is expected several unique features will be introduced.

In their crusade against the violators of the Byrd law, which provides against the dispensation of intoxicating liquors on Sunday, the police yesterday arrested Benjamin Waters, the occupant of an "ark" on the river front, charging him with the unlawful sale of liquor.

Waters deposited \$50 collateral, which was forfeited on his failure to answer to his name when called in police court. Other cases disposed of were Edward Robertson, arrested by Special Officer Clark, on a charge of being drunk and disorderly. He was fined \$5. A similar fine was imposed upon Cornelia Bailey, charged with disorderly conduct and fighting.

Mrs. Margaret Ann Dent, twenty-four years old, wife of Edgar Dent, died at her home, 37 South Patrick street, at 10:30 o'clock last evening, following a short illness. Funeral services will be held tomorrow morning at 10 o'clock from St. Mary's Catholic Church, and burial will be made in Bethel Cemetery. Mrs. Dent formerly was a Miss Hutcherson.

"Around the World With the Atlantic Fleet" is the title of an illustrated lecture which will be given by the Rev. George E. T. Stevenson, chaplain in the United States Navy, at the Young People's Building tomorrow evening at 8 o'clock, for the benefit of the improvement fund of the First Baptist Church.

At special Lenten services to be held at St. Paul's Episcopal Church tomorrow evening, under the auspices of the Brotherhood of St. Andrew, a sermon will be delivered by the Rev. R. R. Maxie, of Theological Seminary.

The annual meeting of the Pottery Electrical Industries of St. Paul, Inc., was held in the offices of the company in this city today, at which Frank M. Hill was elected president and treasurer and George W. Petty secretary and manager.

The funeral of Miss Mary G. Boomer will be held from St. Mary's Catholic Church at 9:30 o'clock tomorrow morning, interment being made in St. Mary's Cemetery.

The funeral of Mrs. Margaret R. Talbot, who died in this city Saturday evening, will be held in Franconia, Va., this afternoon.

The funeral of Mrs. Frances A. M. Smith will be held from her late residence, 418 North Alfred street, at 3 o'clock this afternoon, the Rev. H. M. Canter, of the Methodist Episcopal Church South, officiating. Burial will be as follows: Mayor Frederick J. Parr, Francis F. Marbury, E. C. Graham, H. K. Field, M. J. Evans, and F. E. Penn. The body will be placed in a vault in the Methodist Episcopal Cemetery.

Important business will come up for disposal at a meeting to be held by Harley Encampment, Order of Odd Fellows, this evening.

To commemorate the ninety-second anniversary of the founding of the Odd Fellows, the three local lodges will hold a joint celebration at Odd Fellows' Hall on the evening of April 23, the program being of a musical and literary nature.

Cuban Minister Here Assumes His Duties

Antonio Martin Rivero today assumed his duties as minister of Cuba to the United States. He was expected to call today at the State Department.

Senor Rivero arrived in Washington yesterday afternoon and was met by the officers of the legation, headed by the first secretary, Don Arturo Padro y Almeida, who escorted the new minister to the house he has taken as a residence, 1841 Sixteenth street.

The minister announced today there would be no changes in the legation, the same officials being maintained who have served since the resignation of Dr. Francisco Carrer, Justice, whom Senor Rivero succeeds.

Fur Animals Going.

SCHNECKSVILLE, Pa., March 27.—Fur-bearing animals are becoming extinct in this section, according to S. D. Hansman, a pioneer trapper of Lowhill township, who caught 2,104 animals this year, as compared with 3,032 last season.

Swift & Co.'s sales of fresh beef in Washington, D.C., for week ending Saturday, March 25, averaged 8.65 cts. per lb.—Adv.

DENTIST EXPLAINS MOTOR CAR MISHAP

Dr. Upton S. Howser Tells the District Attorney About
the Accident in Which Woman Was Hurt—Witnesses
Exonerate Him From Blame.

WASHINGTON TIMES BUREAU,
ANACOSTIA, D. C., MARCH 27.

Dr. Upton S. Howser, dentist, of 2021 Nichols avenue, Anacostia, this morning visited the office of the District Attorney, where he explained the circumstances surrounding the accident in which Carrie Stephenson, a colored woman, was knocked down and injured near Good Hope yesterday evening by the dentist's automobile.

The injured woman is a patient in the Casualty Hospital with a fractured arm and several bruises, having been removed there by Dr. Howser in his machine immediately following the accident.

Dr. Howser explained that he was proceeding along the Bowen road toward Anacostia, accompanied by his wife and a child, at about eight miles an hour. The woman was walking along Bowen road eastward, and Dr. Howser said he supposed, as he gave several warnings on his automobile horn, that she would pass on one side of the machine. Instead, she turned suddenly and walked directly in front of it.

Dr. Howser stopped the automobile and gave the woman all possible assistance. As soon as he realized she had been severely injured he made a quick run to the hospital with her in his machine. Witnesses exonerated Dr. Howser from blame. Mrs. Stephenson is forty years old. Her condition is reported from the hospital as favorable.

A program of special interest was rendered last evening at the meeting of the Epworth League of the Anacostia Methodist Episcopal Church. Features were a violin solo by Russell Phillips and a vocal solo by Mrs. Grace Linger. The Rev. Samuel W. Grafflin, the pastor, made an address. The following young people had charge of the service: Miss Virgie Stone, Edgar Murphy, and Harvey Townsend.

The death of George Richardson, who was a member of Anacostia Tent, No. 7, Knights of the Maccabees, of Anacostia, is reported from Forestville, Prince George county, Md. He was forty-nine years old, and had relatives living in Anacostia. He is survived by his wife and several children.

Anacostia Tent was represented at the funeral by those members of the society living in that section. Mr. Richardson was a farmer and a stock dealer, and he was buried near Forestville.

The Congress Heights section of the District Fire Department is preparing to make its first fire bloom with flowers set in pretty lawns. The firemen assigned to this company always have displayed a keen interest in making attractive the company's premises.

SOUTHERN BUILDING,
N. E. Corner 15th and H Streets, Washington, D. C.

Ready for Occupancy May 1st

Already more than two-thirds of the store, booth and office spaces have been let. On the first floor the U. S. Trust Co. has secured the 15th and H Streets corner, and the new Court of Commerce will occupy the entire 9th floor. By the time the building is ready for occupancy, on or about May 1, 1911, there should not be a vacancy. And no wonder!

Here are a few pithy reasons why YOU should be located in this magnificent office building—

1. Located in the best business center of Washington and is the finest equipped office building in the South.
2. The architects, D. H. Burnham & Company, of Chicago, who are well known throughout the country, have exhausted every means toward the absolute comfort of its tenants.
3. Four electric elevators afford a most excellent service, no jerking or sudden stopping.
4. There are approximately 400 office rooms, well lighted and ventilated and all rooms outside rooms, and each office has a lavatory, hot and cold water, and is lighted with electricity.
5. Thompson-Starrett Company, of New York, are the builders. This fact alone gives assurance to every tenant that the building is of the highest order.
6. Rentals, as compared with other high-grade office buildings in Washington, will be found, upon examination, to be as low, if not lower,

Reservations are now being made—
For Plans, Rates and further particulars, apply to

The Assistant Secretary,
The SOUTHERN BUILDING CORPORATION,
Temporary Offices, 820-821 Colorado Building.

SHOUT OF "FIRE" FRIGHTENS GIRLS

Clogged Chimney Causes
Scare at Big Printing
Plant.

With the New York shirt waist factory fire fresh in their minds, 150 girls employed in the Globe Printing Company's plant at Fourteenth and E streets northwest were badly frightened this morning when the cry of "fire" was raised.

A clogged chimney pipe which connects the flue of a small "egg stove" with a wall chimney caused the alarm, and brought out a chemical engine and the hook-and-ladder company.

The stove is in a large room on the top floor of the four-story brick building, which is occupied by the Globe Printing Company, and the Andrew Printing Company, and the Concord Church, both being of the Methodist Episcopal denomination.

Mr. Fort is seeking to place these charges on a firm foundation and each Sunday he officiated at services both morning and evening. At a recent patriotic service held in North-western Church he was assisted by Mrs. Fort, Mrs. Grace Linger, and Elijah Kinsella, all of the local Methodist Church.

The Rev. George F. Dudley, rector of St. Stephen's Protestant Episcopal Church, Mt. Pleasant, will deliver the sermon on Friday evening next in the Emmanuel Protestant Episcopal Church, when Lenten devotions will take place.

The League of the Good Shepherd, connected with St. Teresa's Church, attended the services last evening in a body. The questions placed in the question box were answered by the Rev. M. P. Egan, the assistant pastor of the church.

Installing Pneumatic Delivery to the Capitol

Pneumatic delivery service between the Government Printing Office and the document room of the House of Representatives is being installed by fifty workmen, under the supervision of Charles H. Burton, chief engineer of the United States Pneumatic Company, of New York.

Tubes eighteen inches in diameter, large enough to carry mail sacks filled to the brim, are being laid. The document room is now being moved to the House office building and direct connections made from there to the Government Printing Office.

A vacuum system, instead of compressed air, is being installed, known as the Burton system, preventing collection of moisture in the tubes to retard their operation. To complete the work by April 4, before Congress convenes, is imperative. Regulations prohibiting work on the Capitol grounds during a session of Congress.

FRATERNITY TO CONDUCT FUNERAL OF YOUNG MAN DROWNED IN POTOMAC.

Funeral services for Duncan McRae, Jr., will be held at 5 o'clock this afternoon, and tomorrow morning the body will be sent to the home of the young man's parents in Macon, Ga. The services will be conducted at Lee's undertaking establishment on Pennsylvania avenue, and will be under the auspices of the Theta Delta Chi fraternity.

Aside from the relatives and fraternity brothers of Mr. McRae, only his closest friends will attend the funeral services. The Rev. J. McBride Starrett, representing the fraternity, will make the principal address. He will be assisted by the Rev. T. B. Lewis, rector of St. John's Protestant Episcopal Church, Bethesda, Md. The Rev. Dr. Lewis, formerly was McRae's tutor, and it was in his church that he was confirmed.

At the home of Harold Keats, who was saved from drowning in the upper Potomac by McRae just before he lost his own life, it was stated this morning that Keats has slept many hours, exhaustion finally overtaking him after his long vigil in connection with the search for his friend's body. The report that Keats was delirious and dazed by the realization of the tragedy in which he figured was denied by the fraternity house this morning.

Federal Hill Sold.

CHARLESTON, W. Va., March 27.—The Federal Hill estate, three miles from Charleston, has been sold to C. L. Boyd, of Kabetown, for \$25,700, it was announced today.

PUTS AN END TO INDIGESTION AND A SOUR, GASSY, UPSET STOMACH

Take a little Diapepsin now and your Stomach will feel fine five minutes later.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after. Tell your pharmacist to let you read the formula, plainly printed on these 50-cent boxes of Diapepsin. Then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distress go in a few minutes and relieves at once such miseries as Belching of Gas, Eructations of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Diapepsin.

THE SOUTHERN BUILDING

Fifteenth and H Sts. N. W.

The Largest and Handsomest Office Building South of New York

Offers to prospective tenants more conveniences and more modern facilities than any of its high-class competitors.

Ready for Occupancy May 1st

Citizens to Hear Talk On City Beautiful Plan

Glenn Brown and David Fairchild tonight will deliver the third of their series of lectures on the development of Washington, illustrated with views, before the Georgetown Citizens' Association. The association will meet at Linthicum Hall.

Plenty of Water and Dime Daily to Live On

BOSTON, March 27.—Prof. L. J. Henderson, of Harvard, an authority on dietetics, says the average man of 155 pounds should live on four and one-half pounds of food a day, 70 per cent of which should be plain water and that 10 cents a day should provide sufficient food.
